Neumo Ehrenberg Group

VNE Corporation is proud to announce....

VNE Corporation - a member of the worldwide Ehrenberg Group is pleased to announce the acquisition of HPT (High Purity Technologies), effective August 26, 2014.

“We are excited to add the talented employees of HPT to our growing family of companies”, said Dan Larsen, CEO of VNE Corporation. “This acquisition represents a key next step in the strategic growth of our semiconductor business worldwide. We look forward to the many new opportunities that will be offered as a result of our relationship. Together, we will continue to strengthen our position in the marketplace, and become the worldwide supplier of semi-conductor grade tubing and fittings, O2 cleaning services, passivation and other mechanical polish needs”.

HPT Inc. was founded in 1983 and currently supplies industries with electropolished and O2 cleaned tubes and fittings for ultra high purity distributions systems and related applications. Located in Hudson Valley area of New York, HPT has built its reputation as a leader in high purity products and services through experience, commitment to quality, and a strong dedication to customer service and support.
